## Eco™ GROUP

ELEGANT DESIGN MEETS A CONSERVATIVE BUDGET. Value can be as essential to a project as design and function. Eco provides all three with a portfolio of desks, returns, storage units, work walls, and mobile and stationary pedestals. Crafted using the finest materials, durable hardware and a long-wearing urethane finish, Eco is designed to stand the test of time, without testing your budget.

## KEYEIRA™ COLLECTION

ABUNDANT PERFORMANCE IN LIMITED SPACES. Today's office environments are reconfigured on the fly to get the most from a work space. Keyeira responds with casegood options that enhance productivity in collaborative environments that benefit from smaller footprints. From public file storage to hubs for intense computer activity, Keyeira retains the best aspects of private office furniture in an integrated system that works as beautifully as it looks.

ADJUSTABLE DIVIDERS AND FELT-LINED PENCIL TRAYS HIGHLIGHT EXCEPTIONALLY VERSATILE DRAWER SYSTEMS.

**OPTIONS**

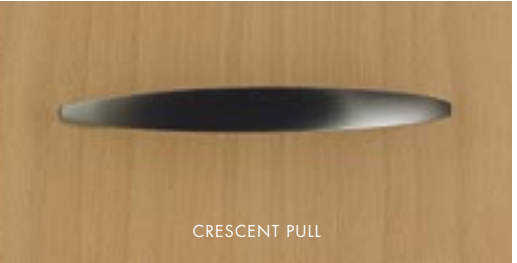

DETAILS MAKE THE DIFFERENCE. Geiger gives designers the tools they need to make personal design statements, with numerous finishing options like edge and corner profiles and drawer pulls. Flexible technology solutions permit communication and data technology upgrades without costly furniture reconfigurations. The entire office will benefit from drawer options that include full extension suspensions, felt-lined pencil trays, box dividers and file systems that handle letter or legal hanging folders. Designed for function and beauty, Geiger options are the difference between merely useful and exceedingly functional.
