

Overt™ tables pay homage to airport interiors of the 1960s, when air travel was an elegant experience and travelers dressed up for their flights. Slender legs give Overt a delicacy, but the intentionally angled profile gives the whole piece a dynamic attitude. Overt features a glass-topped metal frame in stainless steel, black or metallic silver powder-coat and is available as an end table and coffee table. *Designed by Mark Goetz.*

END TABLE: 20W x 21D x 17.25H
COFFEE TABLE: 41W x 34D x 13.5H
