

TRIUNA II
TABLE COLLECTION

The Triuna II™ table collection offers hand-crafted detailing through a variety of marquetry and solid-wood trim options. Triuna II desk and conference tables take shape as round, square, rectangular, racetrack and arc-front surfaces, while Scarpa occasional tables provide square, round and rectangular options, including a square with diamond-shaped inlay. Both Triuna II and Scarpa tables feature Triuna casegoods' signature knife edge. *Designed by Manfred Petri and Geiger Design Group.*
